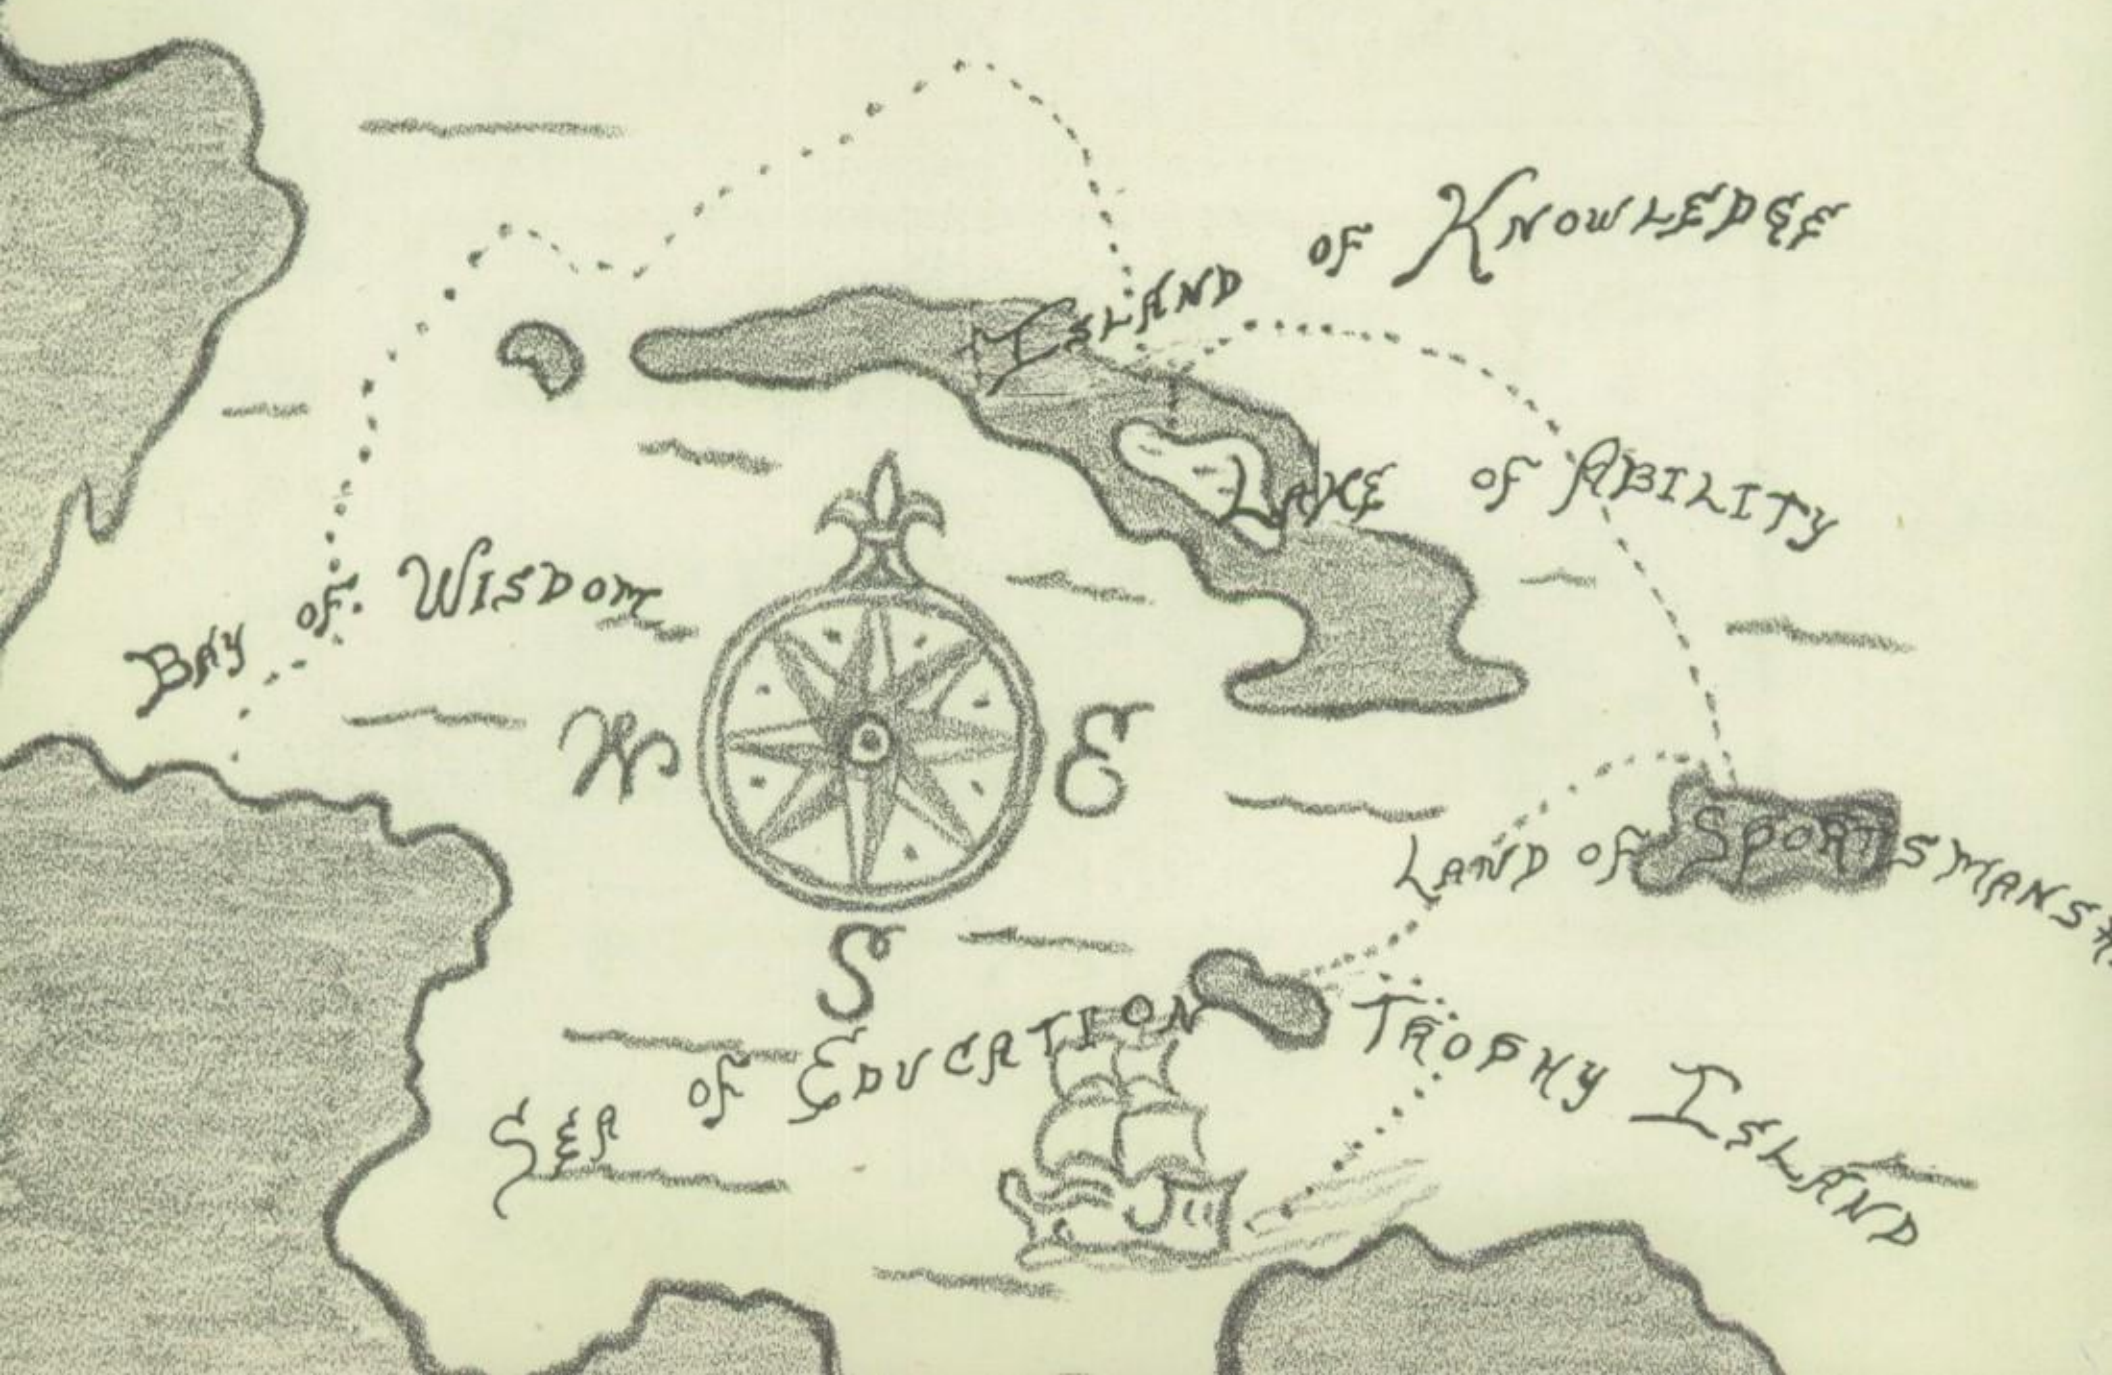
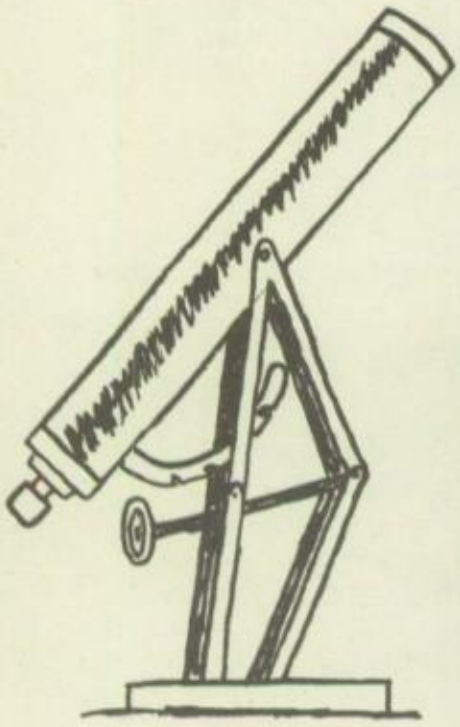
FORWARD

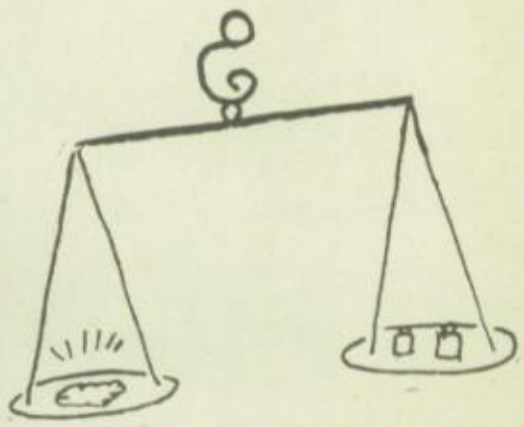
During the past four years we have overcome many difficulties on our journey. In the Sea of Education we struggled hard until we won the battle and sailed victoriously into the Bay of Wisdom. Then came our first stop. We landed on the Island of Knowledge, finding there a bottomless lake, the Lake of Ability.

From the Island of Knowledge we set our course straight for the Land of Sportsmanship. Here we learned to win or lose with the good grace of good sports. Then we set sail for Trophy Island where many treasures awaited us—not only trophies won by an undefeated basketball team, but other trophies also. The happy memories of sailing together in rough and fair weather, the knowledge that we shall take with us and the many other intangibles which cannot be measured with a ruler are ours forever. To us this book is a testimonial of these—our achievements.

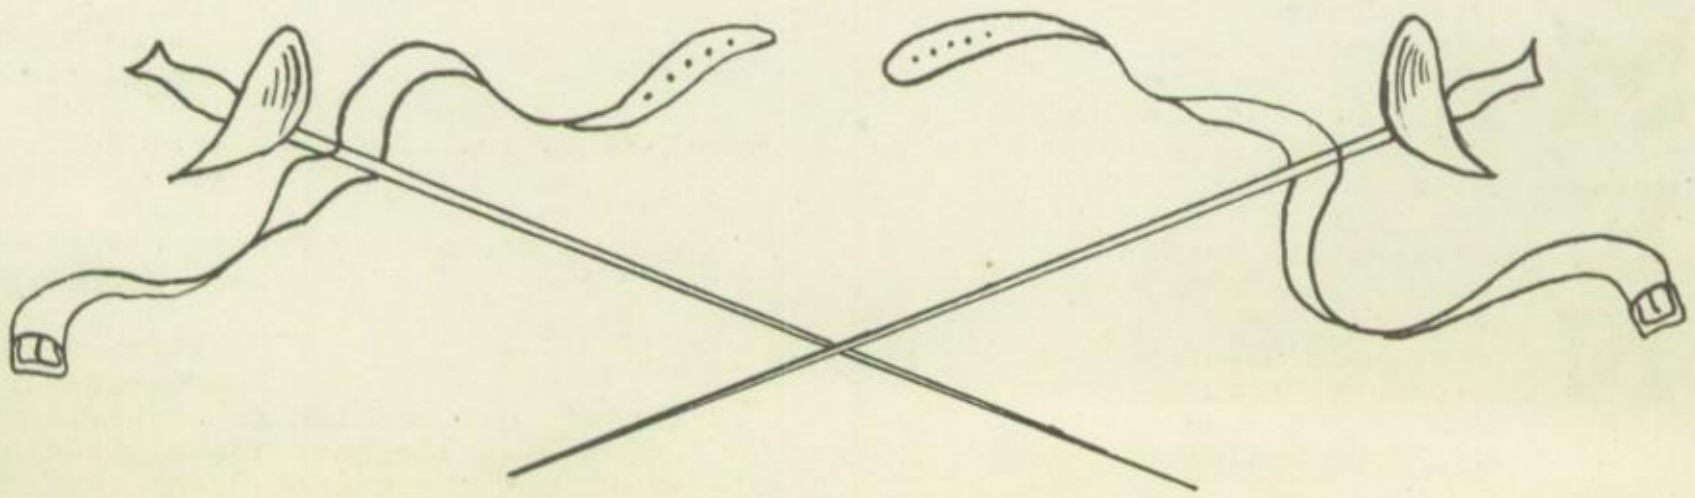


IN TRIBUTE





The "Captains" of 1952 wish to express in this "Portal" their gratitude and appreciation for all the assistance they have received from their class advisor Mr. Robert Royal. For six years he has guided us on our way in all fields of science. We shall remember his interest and helpful advice long after graduation.



HELMSMEN

Here the helmsmen look over plans for improvements to our mighty ship. This group steers the ship in its course in our many travels on the seas. We take this time to thank all our helmsmen for all the time and efforts they have spent in helping us.

PRINTERS

Under the supervision of Miss LaFaro, we "Printers" have weathered many storms to make this book possible. Among things we had to contend with were the lack of equipment for type-setting on the upper deck. For this reason we were forced to work down in the brig for many long hours. Also, we were forced to pose for our pictures in rooms on the upper deck rather than in our spacious hold because of the remodeling being done. However, we enjoyed our work and calamities, and hope you enjoy the resulting product as much.

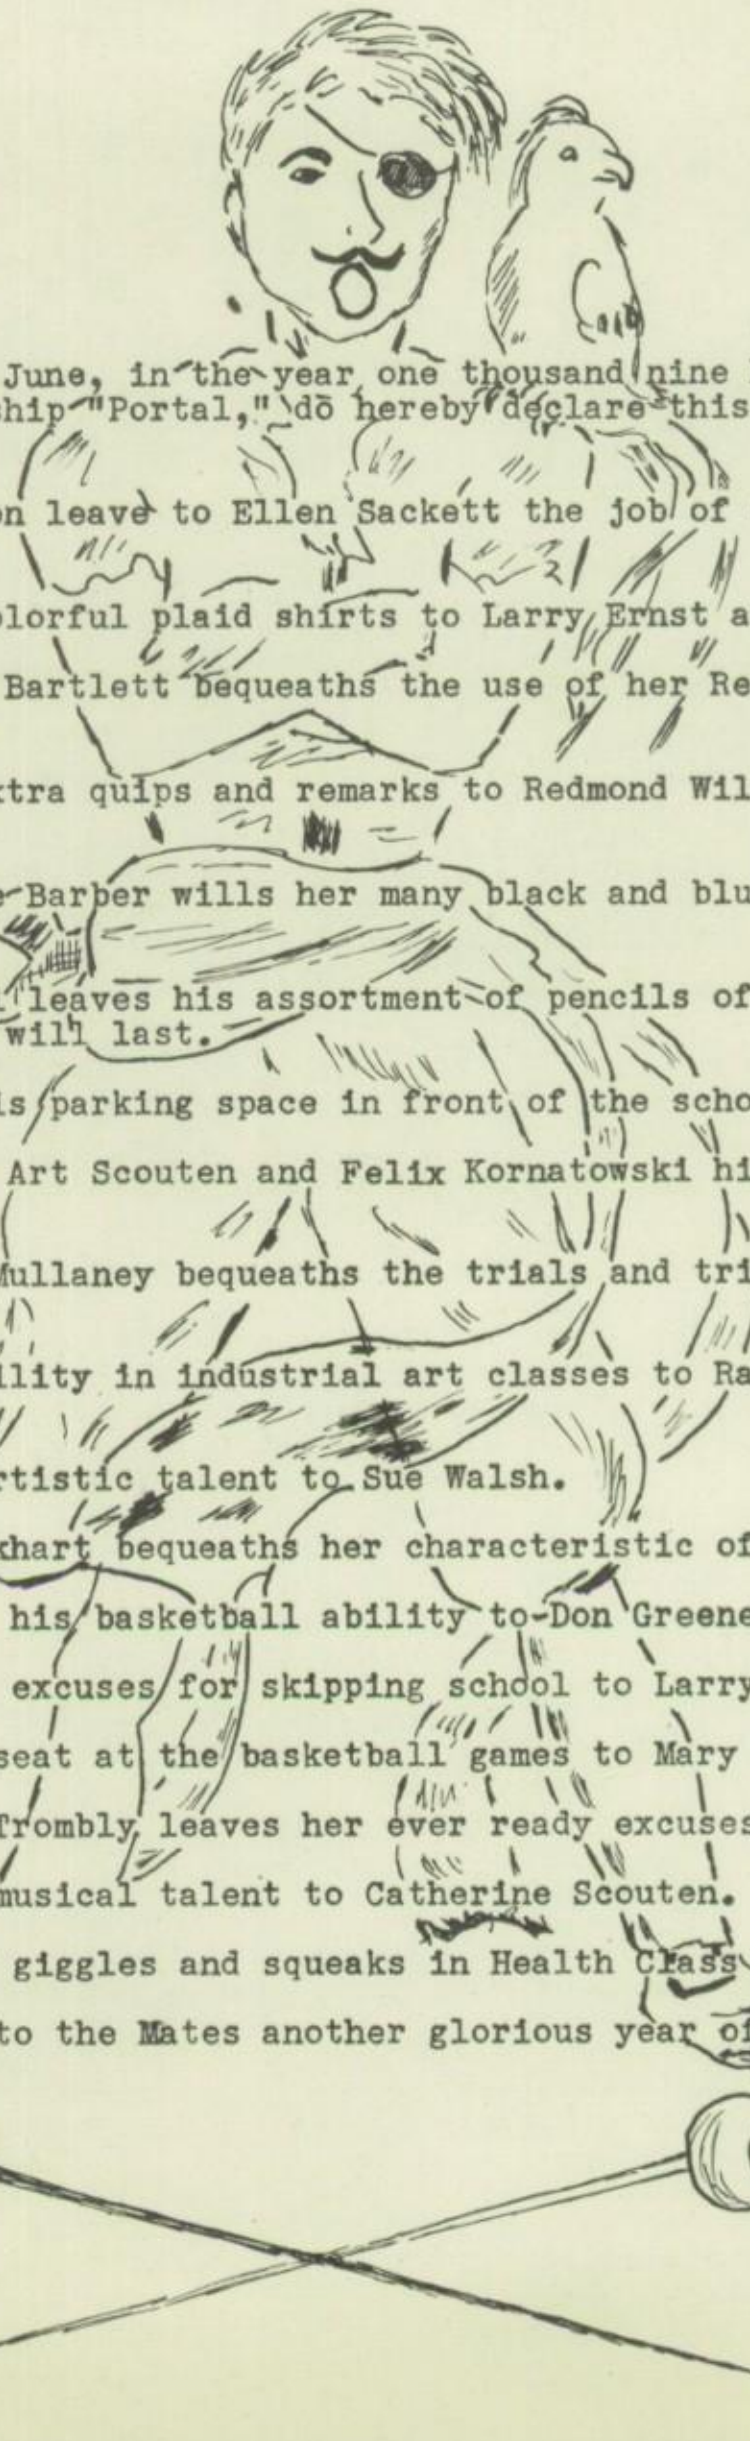
BEQUEST



On this, the 24th day of June, in the year one thousand nine hundred and fifty two, We, the Captains of the good ship "Portal," do hereby declare this to be our Last Will and Testament.

Jack Keohane and Jim Wason leave to Ellen Sackett the job of carrying on the arguments in Social Studies Class.

Mickey Smith wills his colorful plaid shirts to Larry Ernst and Danny Buneo.

To Marlene Post, Barbara Bartlett bequeaths the use of her Remington typewriter in the typing room.

Robert Burr leaves his extra quips and remarks to Redmond Wilcox's already overstuffed supply.

To Jane Mangan, Charlotte Barber wills her many black and blue marks obtained in cheering practice.

To Bill Fraser, Mer Brill leaves his assortment of pencils of various lengths and hues. Let us hope the supply will last.

Raymond Croniser gives his parking space in front of the school to Frank O'Brien.

Bobby Sessions leaves to Art Scouten and Felix Kornatowski his favorite hunting spots (for wild game, that is.)

To Kay Spencer, Beverly Mullaney bequeaths the trials and tribulations of Social Studies Class.

Leo Hoffman wills his ability in industrial art classes to Raymond Croneiser and Adolf kulpa.

Jerry Hoard leaves his artistic talent to Sue Walsh.

To Patty Beck, Betty Burkhart bequeaths her characteristic of dependability.

Frank Bouchard bequeaths his basketball ability to Don Greene.

Richy Vollmar leaves his excuses for skipping school to Larry Dexter.

Florence Ripp wills her seat at the basketball games to Mary Hoard.

To Hazel Gardner, Gerry Trombly leaves her ever ready excuses for being late.

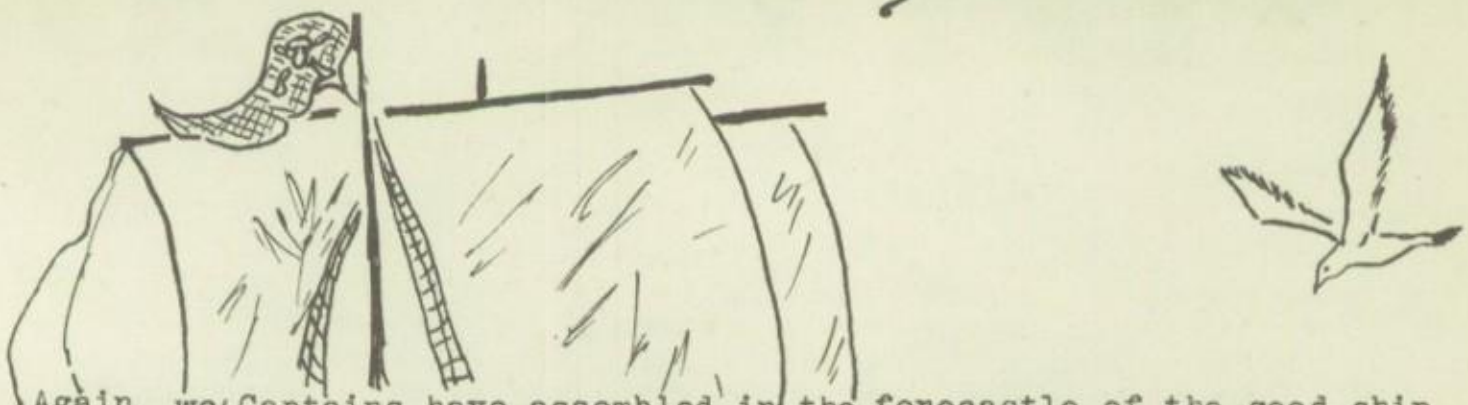
Don Galarneau wills his musical talent to Catherine Scouten.

Bertha Stewart wills her giggles and squeaks in Health Class to Thelma Beck.

We, the Captains, leave to the Mates another glorious year of privateering in the good ship "Portal."

Betty B.

IN 20 YEARS



Hear Ye! Again we Captains have assembled in the forecastle of the good ship "Portal." We meet here for a celebration to commemorate the memorable event of twenty years ago, when we left with our many treasures of wisdom and knowledge and established residence elsewhere.

Seated in a corner of the galley are former captains, Frank Bouchard, Mer Brill, Leo Hoffman and Bob Sessions. Frank, a retired pro-ball player, now manager of the Pittsburgh Pirates, has arrived with his wife and two ball player sons. Mer is now president of the Driving Lesson Syndicate and directs the giving of "driving lessons" in cities throughout the country. The boys are having a friendly chat with their old pals Bob and Leo, joint owners of the whale boat, "Seahorse," famed the world over for having caught the largest whale in the Seven Seas.

Standing in the middle of the room and toasting to their good health are Betty Burkhart, a well-known vet, who has performed an amazing operation on a mad dog, removing a thorn from his foot, and Charlotte Barber, who has long since left the good ship "Portal" and is dietician at Willard Hall, Cornell University. Barbara Bartlett and the former Gerry Trombley are joining Betty and Lotty now. Barbara is now head secretary for the "Davy Jones" Shipping Company in Brooklyn. Gerry has long since retired from piracy and, with her husband, runs a legal trucking business.

Donald Galarneau, Jack Keohane, Reverend Raymond Croniser and Jimmy Wason arrived a few minutes ago and are seated around the table playing checkers, which is still their favorite pastime. Don, director of the Boston Philharmonic Symphony Orchestra, has brought his wife along with him. Jimmy, president of the G.L.F. Co-op, now owns and runs one of the largest farms in New York State. Jack Keohane, commander of the Air Force, has his own atomic powered ship, "Flying Saucer" in which he flew to the reunion. He stopped on the way to pick up Father Croniser, who is a chaplain in the Pacific and who has come back again to try once more to convert the pirates.

Beverly Mullaney, owner of the large shipping company, "Grand Enterprise," which transports diamonds from Africa to the United States, and Bertha Stewart and her husband, who own a large interest in Beverly's company, are just docking in the company's largest ship, "Adventure."

Jerry Hoard, Robert Burr, Richard Vollmar and Mickey Smith are playing pitch in the forecastle. Jerry is featuring his famous series of pictures "Paintings of the Sea" in the Museum of Fine Arts. Robert, an Admiral in the United States Navy, is telling about the strange and thrilling adventures he had while sailing around the world. As an airplane mechanic at McDill Field, Florida, Richard has had a very sucessful career. Mickey and his wife are owners of a large milk route.

Last, but not least, comes Florence Ripp, She has gone far in her modeling, and is now one of the top Hanover models.

SHIP'S LOG

FALL, 1948

We pirateers made our debut into piratism with our hearts full of spirit and adventure. Betty Burkhart has taken charge of our plundering, while Don Galarneau has recorded our activities. We have been scheming and training for the strategies which we are to use during the next four years. These strategies will enable us to fill our vacant treasure chest.

SPRING, 1949

Our Carnival brought many pieces of eight into our once empty treasure chest. We really worked hard for the festive occasion. Our next attempt to gain loot was a raffle for a baseball bat and glove. Beverly Mullaney, our treasurer, had the job of counting the gold pieces as we gathered them slowly but surely.

FALL, 1949

At the start of this second year in our profession a dance highlighted our money-making schemes. Also the sale of food prepared by the women pirates brought many riches into the hold. Jim Wason, aided by Don Galarneau, has taken charge of our pirateering while Bertha Stewart has recorded these activities as we ventured on.

SPRING, 1950

St. Patrick's Day was the chosen date for the colorful mid-year dance. We racketeers made plenty of gold dubloons, as a result of this and other activities which Gerry Trombley counted.

FALL, 1950

The pirates won all battles which used the Soccer and Basketball strategies. The skiing pirates were also victorious this year. The three trophies captured added glitter to our treasures and zest to our ego. Don Galarneau, head-captain, was proud as were his aide, Merwin Brill; recorder, Charlotte Barber; treasurer, Frank Bouchard and the entire crew.

SPRING, 1951

Another trophy was added to the shelf after engaging in the baseball battles. A dance left us with just a little less loot to plunder. The ship's remodeling began this Spring.

FALL, 1951

We made a special effort to obtain gold pieces by a series of money-making racketts. Sales of magazine subscriptions, Christmas trees and class pins dominated the work done by the captains. The Soccer and Basketball strategists, comprising captains, mates and bosuns, again added trophies to the collection. Remodeling was continued on the ship.

SPRING, 1952

We gained our loot during this time by dances and the sale of photographs. The baseball crew had a successful season. Captain Mer Brill assisted by Leo Hoffman, his aide; Beverly Mullaney, recorder, and Frank Bouchard, Treasurer led us through "thick and thin." When our treasure chest was bulging with riches, we attacked the "New York." Never had the "New York" been conquered by a more enthusiastic group. Our first project as souverains was to paint "New York" red. Then, though the remodeling was not completed, on June 24 we all decided to retire from the pirate profession and sail our own individual ways into the sea of life.

This spring the "Buglers," presented a concert featuring marches and overtures. All the "Buglers," attended the Music Festival this spring which Dr. O'Neill and Miss Helen Hosmer conducted. Many of our "Bugler" members played solos at the Annual Spring Festival, these were: Margie Gardner, Sandra Chase, Charlotte Barber, clarinets; Lois Rocker, Mary Cox, Jean Daly, Saxophones; Hazel Gardner, Catherine Scouten, flutes; Ray Borden, Phil Boshart, James Hall, Harry Walsh, cornets; Don Galarneau, Bill Smith, baritones; Patty Beck, Norma Boshart, trombones; Frank O'Brien, sousaphone; John Sackett, bass; Molly Sackett, Sally Cox, horns.

During the successful battles in which we used the basketball strategy, we remained undefeated after twenty straight campaigns. This is the third consecutive year that we have carried off a trophy from the Lewneida League Armada. In addition we attained the C-D Championship Crown over all the Section 3 teams. For their efforts the team should be praised, as they were forced to fight all their battles away from the home port. Coach Frank Thomas will have a real job filling the gap left in the squad by the retiring pirate "Captains," Frank Bouchard, Ray Croniser, Jack Keohane, Mickey Smith, and Merwin Brill.

The Varsity Cheerleaders, consisting of five captains and three mates, led the crowd in arousing the fighting spirit of the boys and cheering them on to victory. This was the fourth year of cheering for captains, Beverly Mullaney, Charlotte Barber and Gerry Trombley, third year for Barbara Bartlett and the second for Bertha Stewart also a captain. These captains leave mates, Hazel Gardner, Patty Beck and Jane Mangan, to carry on next year.

The J. V. Squad also had a successful cheering squad this year. They consisted of an entire "boatswain" squad. Many wishes are extended to these girls in cheering the boys on to winning the future battles. May their efforts in the future be as rewarding as they have this year.
